TORNADO IN NEW YORK STATE.

Several Factories Demolished and a Steam Launch Sunk.

Plattsburg, N. Y., July 19.—A tornado swept over Mottville, a small village near Dannemora, in Clinton county, destroying a starch factory, a carding mill and other property.

The same storm sunk a steam launch in Upper Chateaugay lake belonging to Seth Thomas, the well-known clock manufacturer of Connecticut, and destroying his fine camp and boat house on the same lake. The storm also demolished the fine cottage owned by Frank Sawyer of Chicago, located near the Seth Thomas cottage on Upper Chateaugay lake, severely injuring one man.

Large line of 2nd hand Household goods to be sold for storage at D. M. Clark & Co's.

FLOODS RUINING CROPS

HIGH WATER IN MISSOURI CAUSING HEAVY LOSS TO FARMERS.

DAMAGE WILL BE ENORMOUS

Conservative Estimate Places the Extent of the Destruction at Two Million Dollars, But Grain Men Claim it Will Be Twice That Amount—Heavy Rains Continue Throughout Iowa and Nebraska.

Keokuk, Ia., July 19.—Heavy rains in Central Iowa are sending a flood down upon prosperous Missouri farmers which will ruin many of them and caused losses aggregating at conservative estimates two and a half million dollars. There seems to be no hope for the country between the Mississippi river and its Missouri bluffs between Keokuk and Hannibal, three hundred square miles, mostly corn laid by with some thousands of acres of wheat in the shock. The water had touched the danger line the first of the week and had begun to recede when heavy floods started again in the Des Moines, Skunk and Iowa rivers. With a stage in the Des Moines river only three feet below the tops of the great levees, the river began to rise three inches an hour at its mouth here during the day continuing until the factor of safety was wiped out by evening.

A rise of one and a half feet in a short time at Ottumwa, and a further rise throughout its length below the Capital City was prevented from running out freely by a rise of about a foot and a half at Davenport, increasing and coming down rapidly. The Egyptian levee is only slightly above the water now and the coming flood in the Des Moines will top it certainly. This lets the water into hundreds of square miles, including the town of Alexandria, Mo. The inhabitants there are preparing for an overflow of the entire town to a depth of several feet. The worst feature is the time of the year. The corn is all made and wheat is in the shock, entailing a total loss of the year's work. Crops were never finer and the yield promised immense. Grain men say the above estimate of value is too low and put the figures of the loss nearer \$4,000,000 between Keokuk and Hannibal. Heavy rains are reported in Southeastern Iowa and indicate still higher water. Lowland farmers, river men and the weather bureau observer alike predict the greatest damage ever known from flood on the upper river.

ONE CONTINUOUS LAKE.
Ten Thousand Acres of Cultivated Land Under Water.

Hannibal, Mo., July 19.—The flood conditions on Bay island and the bottom lands between Hannibal and West Quincy are alarming. Bay island contains about 10,000 acres of cultivated land, upon which were the finest crops of wheat and corn, but the entire island is now submerged, except a few elevated spots, to the depth of from one to six feet. It is believed that the entire crop of corn is ruined and the wheat, which was in shock, is a total loss. In fact, the whole area of land from the island to West Quincy is one continuous lake and hardly a dry spot is to be found.

AREA OF TEN MILES.

Many Farms Submerged at the Mouth of the Missouri.

St. Louis, July 19.—Only once since the flood of 1892 has the Mississippi river been so high as it is at present. On the Illinois shore between St. Louis and Alton, many farms are under water. At the mouth of the Missouri river, the overflow covers an area of ten miles.

Another Flood at Lincoln.

Lincoln, Neb., July 19.—A rainfall of nearly three inches caused another flood in the bottom lands in the west part of the city. There was a three foot rise in Salt and Oak creeks during the afternoon and first floors of a number of houses are under water, the occupants vacating. All of Eastern and Central Nebraska received a downpour, the precipitating ranging from an inch and a half to five inches.

Cloudburst at Piper, Kan.

Kansas City, July 19.—A downpour of rain, amounting almost to a cloudburst at Piper, Kan., ten miles west of here, caused the creeks in that vicinity to overflow their banks and flood the surrounding country. Many farmers with their families were forced to abandon their homes, leaving their hogs and poultry to drown. One house was washed from its foundation. The occupants had moved out.

Factories Closed by High Water.

Joliet, Ill., July 19.—A rainfall of nearly four inches has caused another flood in Joliet, overflowing streets and yards adjacent to Spring and Hickory creeks, and creating alarm among hundreds of families. Several manufacturing plants have been compelled to close by high water. Further rains are threatened and there may be serious consequences.

Dam Breaks Above Burlington.

Burlington, Ia., July 19.—Advices just received report the breaking of

the Yellow Springs dam north of here. Fifteen hundred acres have been submerged. The water is the highest in years. At Columbus Junction the recent rains set the Iowa and Cedar rivers up again, ruining oats that were being harvested, and hundreds of acres of corn.

THREE KILLED IN A WRECK.

Freight Trains Collide on the Soo Road Near Pembine, Wis.

Rhineland, Wis., July 18.—Three men were killed, one badly injured and thousands of dollars worth of freight destroyed in one of the most spectacular wrecks that has ever taken place on the Minneapolis, St. Paul and Sault Ste. Marie road.

Two freight trains, each carrying sixty cars, came together, head on, near Pembine, a few miles from here; all the cars, together with the engines, went into the ditch, and fire that started immediately completely destroyed the debris.

The three men who were killed were fearfully mangled. They were: J. A. Anderson, fireman; Charles Johnson, engineer, and William Raymond, engineer. The injured man is Frank Thorne, a brakeman. He will probably recover. All of the men lived in Gladstone, where they have families.

Both of the trains, one in charge of Conductor McClintchey, and the other in charge of Conductor Jones, were behind time, having been delayed by the heavy loads of freight they were carrying.

There is a sharp curve two miles west of Pembine, where the accident occurred. Each conductor supposed the other train had been sidetracked, but it now appears that the wrong orders had been sent out to the conductors.

Both trains were under full headway, making in the neighborhood of forty miles an hour, when they came to the curve. The engineers saw the danger when too late.

After sounding a warning whistle, each man stuck to his post and awaited the crash, which came a second later. Like two monsters of the forest the engines came together, and then reared high into the air, a mass of broken steel and splinters.

The force of the trains was so great that a number of the freight cars, loaded with goods as they were, were completely telescoped and thrown to one side, where they rested in the ditch, with the rest of the cars piled on top of them.

The ruins of the engines were hidden from sight beneath the mass of wreckage, and when the trainmen who survived saw that fire was threatening, they hastened to draw the bodies of the three men who were killed from under the debris.

IMMIGRATION STATISTICS.

Over Six Hundred Thousand Arrivals During the Past Year.

Washington, July 19.—A statement has been prepared at the immigration bureau showing the number of immigrants who arrived in the United States by countries during the fiscal year, 1902, as compared with 1901. The total arrivals for the last fiscal year were 648,743 immigrants and 82,955 other alien passengers, making a total of 731,698. This is an increase of 169,825 immigrants over 1901.

Following are the names of countries from which the largest number of immigrants came during the last fiscal year:

Italy, including Sicily and Sardinia, 178,375; Austria-Hungary, 171,989; Russian empire and Finland, 107,347; Sweden, 30,894; Ireland, 29,138; German empire, 28,304; Norway, 17,484; Japan, 14,270; England, 13,575.

ASSUMING GRAVE ASPECTS.

Building Trades at Baltimore May Join Striking Carpenters.

Baltimore, July 19.—The strike situation in this city is assuming grave aspects. Structural iron workers and hodcarriers, both of which are thoroughly organized, stand ready to join the striking carpenters whenever the word is passed. Should these craftsmen be called out, building operations, which have been hampered since the beginning of the strike two weeks ago, will be completely suspended. The Hodcarriers' union is composed of 500 colored men. Should they walk out bricklayers and plasterers will be forced to cease work.

The three unions of carpenters have formed a district council and have refused to accept the compromise offered by the contractors, but held out for \$3 a day of nine hours, with eight hours on Saturday.

MIND HAD BECOME AFFECTED.

Widely Known and Aged Man Suicides at Duluth.

Duluth, Minn., July 19.—James A. Smith, aged seventy-one years, former county auditor of St. Louis county for three terms and an early settler at the Head of the Lakes, placed a revolver to his head and fired, death ensuing instantly. Mr. Smith was taken ill recently and during the past few days members of his family noticed that his mind had become affected and they attributed the deed to this cause.

Decedent was widely known throughout the northern part of the state and until within a few years ago was very active in politics.

Severe Electrical Storm.

Lafayette, Ind., July 19.—A severe electrical storm passed through the eastern part of this county, doing immense damage to growing crops. Oats and corn were beaten into the ground by the downpour of rain.

D. M. Clark & Co., largest Installation House in city. Goods sold on easy terms.

CYCLONE IN AUSTRIA.

Many People Injured and Buildings and Crops Damaged.

London, July 19.—The correspondent at Vienna of the Daily Express reports that a devastating cyclone and tropical rainfall occurred in Austria-Hungary Thursday night. In the Tyrol, floods destroyed a quarter of a mile of the railway near Unzmarkt and a train was derailed, the stoker killed and many persons injured. In many places houses were destroyed by lightning. A scaffolding around a church was blown down at Rovisco and thirteen persons who were attending a funeral at the church were injured. The crops on an area of twenty square miles near Villach, Carinthia, have been destroyed.

Fine line of carpets. Hoffman.

PIONEER DIES A SUICIDE.

Jacob Heideberger, Aged Eighty-three Kills Himself at Minneapolis.

Minneapolis, July 19.—Jacob Heideberger, a pioneer resident of this city, aged eighty-three, stood in front of a mirror in his home and fired two bullets into his brain.

He went about the preparations for the deed in a methodical manner, even arranging the most trivial details with a precision that showed long meditation. No reason for the deed is known.

Oil Well Still Burning.

Jennings, La., July 19.—Little progress has been made toward extinguishing the fire at the Jennings well and it continues to burn with all the fury that it did on last Tuesday night shortly after becoming ignited.

 One Year Four Dollars

SATURDAY, JULY 19, 1902.

Weather.

Cloudy tonight with showers.
 Clear tomorrow.

THOSE St. Cloud Elks who thought they could play ball have pulled in their horns.

THE democratic state committee has been empowered to fill the vacancy on the state ticket should Joseph L. Meyers, of Little Falls, refuse to make the race for state treasurer.

THE attempt to bulldoze the Gentry show into paying \$100 for a license when they came here after \$25 had been accepted by the proper authorities was an outrage that reflects no credit on the city. Double dealing in a municipality is just as reprehensible as in a private individual, and it will bring the city into disrepute. The show authorities did the proper thing in refusing to be bulldozed.

BOEN's populist Fergus Falls Globe reads up its democratic friends in this manner: "The democratic party was in search of a Moses and found a Jonah. It wanted Lind and it got Rosing. It fell from the sublime to the ridiculous—from Lind to Rosing—from heaven to hell. It dropped from the highest heights to the lowest depths. There is no possibility of anything lower than Rosing, even in democratic politics. We have had contempt for the democratic party. Now we pity it. Poor degenerate democracy! Finis."

THE Staples World says: "Some of the 'fellers' are making fun of DuBois, the democratic candidate for congress, because he sent his affidavit of candidacy to the lieutenant governor instead of the secretary of state. We do not see as it makes any difference whether he sent it to the secretary of state, or the lieutenant governor or dropped it in a well. He evidently realizes that the result will be the same. In the last case, however, he might be \$20 to the good if he remitted by personal check."

LOCAL NEWS NOTES.

Attorney Bannon went to Aitkin last night on business.

Val Smith is confined to his home with abscess of the throat.

George Becker, of St. Cloud, was in the city this morning on business.

Miss Dora Wold has gone to the old home in Wisconsin for a short visit.

Editor A. G. Bernard, of the Cass Lake Voice, is in the city today on business.

Supt. Cook, of the Brainerd Lumber Co., went to Minneapolis this afternoon.

Sidney Hockridge has been granted a pension of \$8 per month by the department.

G. W. Chadbourne left for Minneapolis this afternoon for a sojourn of a week or two.

Miss Feltus, of Minneapolis, arrived in the city this afternoon and went north on a visit.

Supt. Blanchard, of the Minnesota division of the N. P., is in the city this afternoon on business.

Miss Maggie Herrick, niece of A. Nelson, has returned from an extended visit at Olympia, Wash.

Miss Ada Clarke, of Minneapolis, arrived in the city this afternoon to be the guest of Miss Maud Davis.

G. N. Ribbel, of Omaha, arrived in the city this afternoon for an extended visit with his brother, Dr. Ribbel.

During R. D. Craig's absence, John Anderson, of St. Paul, is attending to the duties in the local Western Union office.

Mrs. G. W. Putz and child returned from Stevens Point, Wis., this afternoon where they have been visiting for some time.

Mrs. Lytzen, of Minneapolis, arrived in the city this afternoon and went out to Parkerville to enjoy an outing of a few days.

A. L. COLE & CO

GET BIG VERDICT

Jury in the Last Case on the Calendar Return a Verdict Last Night.

GET TWELVE HUNDRED DOLLARS

One of the Jurymen Claims that he was Choked by One of Other Jurymen.

The case of A. L. Cole & Co., vs. Bonness & Co., was terminated last night and went to the jury. The jury was out nearly all night and a sealed verdict was returned this morning. They gave the plaintiffs a verdict for \$1200.

The case grew out of a logging contract and the plaintiffs asked for \$2400 judgment. Bonness & Co. are said that to have been willing to settle for \$500, so it is a case where neither party is satisfied with the verdict.

One of the jurymen stated last night after the verdict was returned that he was choked by another one of the members of the jury. He was in favor of a verdict for the plaintiffs and he stated because he hung out a big fellow went after him and choked him right. When this reaches the ears of the court the case may develop some sensational features.

This is the last case on the calendar for this term of court. Court was adjourned by his honor, Judge McClenahan, this morning.

August 27th is the last day for candidates for county offices to file their petitions at the primaries to be held Sept. 16th.

W. E. Winslow, agent for the Mutual Benefit Life Insurance Company, arrived in the city this morning from Minneapolis.

Miss Mary Satterthwait, of Minneapolis, arrived in the city this afternoon and will be the guest of Miss Alberta Bean for a short time.

The Misses Della and Zella King went to Brainerd Friday noon, where they will visit with friends and relatives.—Little Falls Transcript.

Invitations have been issued by the Misses McCullough for a party at their home at 419 Third street north on Tuesday evening, July 22.

City Clerk Low left yesterday afternoon to join his wife, who is visiting at Fargo. He will be the guest of his brother for a week or so.

Rev. J. D. Grove left for Motley this afternoon. He will officiate at one of the churches in the country, not far from Motley, tomorrow morning.

Mrs. Andrew Nelson arrived in the city this afternoon to join her husband, Prof. Andrew Nelson, who is conductor of the summer school here.

Attorney Merrell, who appeared for A. L. Cole & Co., in the suit just closed in the district court, returned to his home in Minneapolis this afternoon.

Mrs. S. A. Robinson returned to her home in Waterville this afternoon after a pleasant visit in the city with her daughter, Mrs. C. H. Mills.

Mrs. Fred Fogle arrived in the city this morning from East Grand Forks for a visit with friends. Mr. and Mrs. Fogle were at one time residents of this city.

A. G. Massey, of the Mutual Life of New York, was in the city yesterday and today in the interests of his company, leaving this afternoon for his home in Little Falls.

A. E. Moberg and family, and guests, Mr. and Mrs. J. F. Peterson and family, of Minneapolis, returned from Gull Lake this afternoon after a delightful two weeks' outing.

A social time was enjoyed in Walker hall again last night when a large number of friends of Dr. Batcheller tendered him a sort of surprise. The evening was spent in dancing and all expressed themselves as highly delighted.

One of the incidents of the outing enjoyed by the Batcheller-Georgeson party at Parkerville was the ball game between the Long Lake bloomer girls and the Sanitarian sluggers. Fred Parker umpired the game and Henry P. Dunn run bases for the girls. Nine scores were made off one hit.

Give J. F. Hawkins market and grocery a call when in need of goods. A full line of staple and fancy groceries just added. 13-1f

Prices right at J. F. Hawkins market and grocery. 13-1f

DISPOSITION OF LAND.

Plan Outlined by Secretary Hitchcock in Relation to the Chippewa Indian Reservation Lands.

After consultation with Land Commissioner Hermann, Secretary Hitchcock has outlined a tentative plan for disposition of the Chippewa lands as provided in the Morris act.

He will probably issue the necessary orders before he leaves Washington next Wednesday. First he will direct the commissioner of Indian affairs to complete the allotments to the Indians. It is stated that all the lands are surveyed and that only a small proportion of the Indians have not received their allotments. Unless the Indians themselves put obstacles in the way, a part of the work should be completed this summer. The remainder of the agricultural lands will then be thrown open to settlement. If this part of the secretary's program does not miscarry settlers should be able to take up lands next spring and will be able to put in a crop next summer.

As to the timber land, the secretary has called on Commissioner Hermann to submit lists of lands examined and classified under the original Nelson act. They will be ready in a day or two. When received the secretary will advise with the forestry division with a view to ascertaining what particular tracts, amounting to 5 per cent of that which is to be sold, are to be reserved for forestry purposes. Advertisement for the sale of a portion of the pine timber will then be sent out.

The secretary hopes that this preliminary action may be completed by Aug. 1. When he hopes to advertise the first sale of pine lands. As this advertisement must run for six months, proposals will not be opened until the first of February at the earliest and the approval of sales will take another month, so that it is not probable that any logging will be done on the reservation next winter unless it be for about a month and half at the end of the season.

During the time these advertisements are running, special agents on the reservations will examine the various tracts to determine the quality and probable value of the timber with a view to giving information to the secretary so that he may be able to judge whether the bids received be approximately fair.

This plan applies only to the lands heretofore classified under the Nelson act. Special agents will be put on the reservation to classify the remainder of the lands. Which will be opened to settlement and advertised for sale as "pine" next summer.

The secretary does not rely altogether on the accuracy of the classification heretofore made, but he is desirous to begin operations on the reservation and will select such as he is reasonably certain about and put it on the market.

Where there is a doubt, the secretary will have a re-examination made. In making classification the secretary will adhere to the old rule that any forty-acre tract which has 10,000 feet or more of timber on it is to be classed as pine and those having under 10,000 feet shall be classed as agricultural. The timber is to be sold on the bank scale and the exact amount of timber will be determined in the fall and winter. While the advertisement for the sale of pine lands is running the secretary will select his force of superintendents and scalers who will be put into the woods whenever purchasers are ready to begin operations.

See D. M. Clark & Co's new spring line of wall paper.

BRAINERD ELKS

ARE VICTORIOUS

They do Things to the St. Cloud Elks Base Ball Team Yesterday Afternoon.

WATKINS STRUCK OUT FIFTEEN.

They Also had a Twirler by the Name of Brigham who is Not so Slow.

Brainerd Elk 7; St. Cloud Elk 5. Yesterday afternoon the Brainerd Elk base ball team went down to St. Cloud to play a game of ball with the Elk team of that city. The St. Cloud bunch have been doing all kinds of talking since they played a game with the St. Paul Elks and beat them, but yesterday the tide was turned and they will talk something else from now on.

It is said that the game was a good one from many standpoints, but was of course more of a pitcher's battle than anything else. Dr. Watkins went down to do the pitching for the locals and Brigham, of St. Cloud, did the twirling for St. Cloud. Brigham is not without a record. He pitched ball in the Northern League this summer and is a ball player of considerable ability. Young Wire did the honors behind the bat for St. Cloud and Sam Englebertson, of this city served in the same capacity for Brainerd.

Dr. Watkins had a puddin' with them, and but for the errors made, which naturally were expected, St. Cloud would never have scored. He struck out fifteen men and this is a great many in a seven inning game. There could be only twenty-one put-outs in all. Brigham struck out ten men but Brainerd made nine hits off him. But three hits were made off Watkins.

Capt. Tucker, of the St. Cloud team, did the umpiring. The boys all had a good time and are very much pleased with the treatment they received. It was an interesting game and all courtesy was paid the members of the team as well as those who accompanied the boys down on the trip.

The following is the score by innings:

Brainerd—3 0 0 1 3 0 0—7
 St. Cloud—4 1 0 0 0 0 0—5

CURBSTONE CHAT.

R. R. Wise: Everything is looking fine in the country. The trouble now seems to get help enough.

Editor A. G. Bernard, Cass Lake: Cass Lake is on the boom now and the real estate property is advancing rapidly.

North sider: There is considerable complaint being made by the people with nice lawns without fences about the careless manner cows are being taken to and from pasture. This grievance is growing so that complaints will be sworn out against the herders unless it is stopped. A few new lawns with fresh grown grass prove to be especially attractive spots and are being trodden upon and damaged daily.

Dance at Gilbert Lake.

A social dance will be held at Gilbert Lake this Saturday evening. Prof. Fitch being in charge. Excellent music directed by Prof. Fitch will be rendered. Refreshments will be served and a general good time will be enjoyed.

Store your Stoves and Household goods with D. M. Clark & Co.

D. M. Clark & Co., carry a nice line of sectional Book Cases.

Bids Wanted.

Bids will be received up to 10 a. m. July 21st, at auditor's office for new road from bridge across Chas. Ahren's land, Section 26, T. 134, R. 28. Right reserved to reject any and all bids. 34-1f By order of Committee.

A full line of Diamond and Seal of Minnesota Buggies, in large variety, at Hessel's, corner of Fourth and Front streets.

Taken Up.

A dark brown mare, four years old, weight about 900 pounds, part of forehead white, blemished on right hind leg. Owner please call and prove ownership and pay charges.

F. MARDEN.

Township 138, Range 28, Sec. 12.

SHOW LICENSE IS MUCH DISCUSSED

Action of City Attorney Crowell Brings Forth Much Comment From Brainerdites.

HOW MAYOR FEELS ON SUBJECT.

Says City Attorney was Never Instructed by Council and Acted Independently.

The most talked of matter in the city today is the action of City Attorney Crowell, in securing a warrant for Gentry Bros., yesterday afternoon and refusing to let them proceed with the performance until they had put up \$75.

By many the action of the city attorney is severely criticised and even some of the council men promise that the matter will not be allowed to drop where it is, it is said, and at the meeting next Monday night the question will come up for a general airing.

In last night's issue the DISPATCH stated that the city attorney was following out the instructions of the council. The city council did give instructions as to the Norris & Rowe show, which is a similar one to Gentry Bros., that the license be made \$100, then when the show appeared on the grounds they reduced it again. It is presumed that the city attorney took his cue from the council on that night.

The matter from the standpoint of Mayor Halsted is explained in the following from the Tribune:

"The show people paid the proper license, \$25, to the city treasurer, and were given a receipt for the same. The \$100 license is 'for circuses' and menageries, or either," and no other shows are specified. Last year the Norris & Rowe show, which is similar to the Gentry Bros., was given a license by the city council for \$15, but this year they paid \$25. The latter amount was collected by the mayor because in his judgment the dog and pony shows come under a \$25 license, and in addition the city attorney had given his official opinion, at a meeting of the city council, that the mayor's construction of the ordinance was correct. It was upon the strength of this decision from the legal adviser of the city that the mayor required Gentry Bros., to pay \$25, although this was considered by them as an extortionate figure. They have paid but \$5 and \$10, and never over \$15, wherever they have exhibited this season, as they prove by the licenses they show.

"Whatever may have been Mr. Crowell's motive in this matter, can best be explained by himself."

The Gentry Bros., would have gone on and showed yesterday afternoon had they thought that they could get a hearing on the matter at once. It is the general belief, had they appeared in court, that the action against them would have been dismissed and they would have proceeded with their show. They felt, however, that they could not take the chance, knowing how the city attorney felt toward them, to go into court and be held up for a number of days as they could ill afford to lose any dates.

BUILDINGS NEARING COMPLETION

C. M. Patek Expects to Occupy his New Furniture Store in About three Weeks--The Opsahl Building.

The contractors are rushing the work on the new Patek-Opsahl building. Mr. Patek expects to have his part of the building ready so that he can move in about two or three weeks. He will occupy both the first and second floors of the building and will carry a much larger stock than he is now carrying and will have more room to display his goods.

A. M. Opsahl expects to occupy the second floor of his building only, for his photograph gallery and for living purposes. He will rent the first or ground floor.

Need more Help.

Often the over-taxed organs of digestion cry out for help by Dyspepsia's pain's, Nausea, Dizziness, Headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, throughout and guaranteed to cure. 25c at McFadden Drug Co., and H. P. Dunn & Co.'s drug store.

For Baby Carriages and Go-carts see D. M. Clark & Co.

A RECEPTION TO BE GIVEN

The Teachers of the Summer School will be Tendered a Reception on Monday Evening Next.

The faculty of the summer training school will give a reception and social at the Y. M. C. A. parlors on Monday evening, July 21st, to the teachers in attendance. A fine musical and literary program has been arranged including the best local talent. The mayor will be present to make a welcoming address. Frappe will be served, and every effort will be made to give the teachers a delightful social evening.

NEW LAUNDRY FIRM.

E. H. Branton and George Gardner will Take up the Old Brainerd Steam Laundry Again.

There is a new laundryman in the city and he and George Gardner have formed a partnership and will assume control in a short time of the old Brainerd Steam Laundry plant. E. H. Branton has been foreman of some of the best laundries in the Twin Cities, including the Ideal and Franklin, of St. Paul. He was also connected with the Peerless, of Duluth, for some time.

Mr. Gardner is well known in this city, having been in the laundry business for some time. The old plant has been undergoing some extensive repairs and is in good shape again.

We carry a full line of groceries, just added, which will pay you to sample.

At J. F. Hawkins market and grocery you will find fresh goods, the best the market affords. 13-1f

ON THE DIAMOND.

The Brainerd base ball team left for Ashland, Wis., this morning, to play two games of ball with the fast team of that city, one this afternoon and one tomorrow.

Staples and Royaltan cross bats tomorrow at Royaltan. Some of the members of the second team of this city will play with Staples.

Waseca will play a game in this city next Wednesday evening with the local team. Aitkin will also play the locals next week some day and on the following Saturday and Sunday the strong Albert Lea team will be here for two games. A report was put in circulation that the Albert Lea team had been disbanded, but this proves to be wholly erroneous, and it is possible that it was done for a purpose by the Waseca team management.

Saved A Woman's Life

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often", she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from Coughs, Colds, Throat and lung Trouble need this grand remedy, for it never disappoints. Cures guaranteed by McFadden Drug Co and H. P. Dunn & Co. Price 50c and \$1.00. Trial bottle free.

YOUNG BOYS HELD TO THE GRAND JURY

Eddie and George Schultz Charged With Robbing a Freight Car Have Hearing.

EVIDENCE WAS CONCLUSIVE.

They Took from the Car a Box of Knives and Sold Some Of Them.

This morning Eddie and George Schultz were up before Judge Bewitt in the municipal court charged with stealing from a box car in the Northern Pacific yards in this city several valuable knives and forks, and after the hearing they were held to the grand jury in \$100 bonds.

It is a rather sad case, as the young boys certainly have taken a bad start, the older of the two not being much over ten years of age. Their arrest was caused by W. J. McFetridge, special agent of the Northern Pacific, who has been in the city for some time investigating the matter. The boys told conflicting stories regarding the knives which were found in their possession and after the state had introduced its testimony the defense did not care to put any in at all, and the boys were held.

The parents of the youngsters are well known in the city.

WHERE TO WORSHIP

Presbyterian church: Morning service at 10:30; Evening 8:00. Rev. A. H. Carver, pastor.

Cancer and Consumption Cured In Duluth.

These diseases cured by the Actinic or Violet Ray Light cure that has been used with great success in Europe and New York City. In the latter place hundreds are being treated daily by this wonderful light. Absolute cures are being effected and all who try it are benefited. The treatment consists in powerful rays of light from a 500 candle power lamp which are passed through condensing lenses and thrown on the affected parts. These rays of light destroy the germs of disease without injury to the healthy tissue. It quickly relieves the pains of cancer, the severe coughing in consumption and heals all running sores. It is absolutely painless. Already a number of Duluth and Superior people have been treated with astonishing results. For particulars address,

HOLD SECRET SESSION

MINERS REFER PRESIDENT MITCHELL'S PROPOSITION TO A COMMITTEE.

WILL URGE ITS ADOPTION

Little Doubt But That the Committee Will Make a Favorable Report and Fix the Rate of Assessment at Ten Per Cent or Higher—Illinois Miners Donate Fifty Thousand Dollars to Aid the Strike.

Indianapolis, July 19.—At the conclusion of a secret session which lasted the entire afternoon the recommendations of President Mitchell for the management of the anthracite strike were referred to a special committee, which is to report back to the convention when it meets in the morning. This committee consists of President Mitchell, Vice-President Lewis, Secretary Wilson and the president of each district which is taking part in the convention. There is little doubt that the committee will urge the adoption of the recommendations and fixing the rate of assessment at 19 per cent or higher.

At the opening of the executive session Vice-President Lewis took the floor and delivered an energetic speech on the amendment offered by Delegate Haskins in the morning to the effect that the fund to be raised for the aid of the anthracite miners be extended to all of the striking miners where their strike has been sanctioned by the general organization. He declared that he thought all of the miners should be taken care of in life manner. He also warned the convention that it would be necessary for the convention to so word its recommendations as to avoid the laws of Pennsylvania, which he said might cause trouble when an attempt was made to collect the assessments of the men through the check offices by bringing about injunction to restrain alleged conspiracy. President Mitchell then took the floor to speak for the adoption of the recommendation made in his speech of the previous day. He told the convention that the strikers in West Virginia and elsewhere were being protected by the organization by the assessments of the union, but the assessments which were under discussion were not necessary for the support of the anthracite strike alone and should not be diverted from its purpose.

Mitchell's Remarks Cheered.

Mr. Mitchell assured the convention that the strike in the Pittsburgh district and all other strikes would be looked after without splitting up the fund for the anthracite men and again urged the men to dismiss from their minds all thought of a general strike. His remarks were greeted with enthusiastic cheers.

Several of the delegates made short speeches asking the convention to hasten matters. A vote was then taken on the Haskins amendment and it was voted down by a decisive majority.

This left before the convention the original motion for the adoption of the recommendations of the president. A number of amendments were then offered, all relating to the manner in which the assessment should be made. One by Mr. Ryan of Illinois, favored 10 per cent of the net earnings of the members of the union, another by Vice-President Lewis, 10 per cent of the gross earnings, and a third by Secretary Wilson suggested that in districts the assessment should be made on the percentage basis, and in others on the basis of \$1 per week. These were all pending when Secretary Wilson offered an amendment, that the matter be referred to a committee made up of three highest officers of the national organization and the presidents of districts represented in the convention. This prevailed and an adjournment was taken until morning at 10 o'clock.

In the morning the convention will be informed by the Illinois delegation that the miners of that state have voted a donation of \$50,000 to the cause of the anthracite strike. The money will be available at once.

MAY STRIKE AGAIN.

Mass Meeting of Chicago Freight Handlers Called.

Chicago, July 19.—Another strike of the freight handlers of Chicago may be called Sunday night. President Curran of the Freight Handlers' union has issued a call for a mass meeting of all the freight handlers in the city, to be held at that time, to take action on the refusal of four railroads to reinstate all the old men.

Mr. Curran said that he regretted having to take this step, but was compelled to do so. He declared that when the settlement was made, it was agreed with Frederick W. Job, chairman of the state board of arbitration, that all the old men were to be taken back when the strike was declared off. This, he says, the Santa Fe, Pan Handle, Northwestern and Illinois Central railroads have not done, and unless they shall do so before the mass meeting Sunday night, another walkout will be ordered.

DEMAND AN EIGHT-HOUR DAY.

All Branches of Building Trades Out at Jacksonville, Fla.

Jacksonville, Fla., July 19.—Twenty-two hundred union laborers in all branches of the building trades went out on strike during the day because the contractors refused to accede to a demand for an eight-hour day. Practically all building operations are temporarily suspended.

At a meeting of the central labor union a general strike of all organized labor was discussed, but no definite action was taken.
